

Heatmap visualization showing the relationship between 13 clusters (x-axis) and 13 features (y-axis). The color scale ranges from 0 (dark blue) to 0.2 (dark red). The clusters are labeled on the x-axis, and the features are labeled on the y-axis. The heatmap shows varying degrees of association between clusters and features, with some clusters showing high values for specific features (e.g., cluster 12 for feature 1, cluster 7 for feature 2).
